Color Vandal Resistant Dome Camera with 4mm Lens and 24V AC Line Locked Operation

Our color vandal resistant dome camera operates on a 24V AC power supply, which allows for line lock and adjustable phase. It offers HAD* technology and a 4mm lens. Additional features include a low smear level, which prevents glare in dark conditions, pre-set auto exposure and turbo AGC (automatic gain control). The heavy duty housing is built to withstand the blows from a 10 pound sledge hammer.

Specifications

Resolution	Ultra high 470 line
Image Device	1/3" color HAD* image sensor
Minimum Illumination	0.03 lux low light sensitivity
Electronic Shutter	1/60 - 1/100,000 seconds
